CHICKERING & SONS,
PIANOFORTES.
THE subscribers take pleasure in informing the public that they have been appointed **Sole Agents for these Celebrated Instruments for the State of Rhode Island,** and they would invite special notice to their intention of offering for sale at their NEW WAREROOMS a larger and more complete stock of Grands, Uprights and Squares, made by this Celebrated Firm, than has previously been exhibited in this city.

The subscribers have been conscious of the extra ordinary merits and sterling qualities of the CHICKERING PIANOS for many years. This has resulted from a large experience in the sale of Pianos, many of which were from the best makers in the country and a careful observation of the various points of excellence attained by each particular maker, together with the opportunities afforded from their close connection with the Musical World, of hearing the most unanimous opinions of the greatest artists in favor of the Chickering Piano, and finally, upon witnessing the last and crowning triumph at the recent Paris Exposition over all the most celebrated makers in the world. The peculiar points of superiority to be found in the **Chickering Pianos** have been so frequently and minutely retailed by the Press that we do not consider it necessary in the Card to comment further upon them. We shall keep in connection with the above, a choice assortment of PIANOS from good and reliable makers at a lower price.

A Hymn of Peace.

WRITTEN FOR THE NATIONAL PEACE JUBILEE BY OLIVER WENDELL HOLMES.

To the Music of Keller's 'American Hymn.'

Angel of Peace, thou has wandered too long!
Spread thy white wings to the sunshine of love!
Come while our voices are blended in song,—
Fly to our ark on the wings of the dove,—
Speed o'er the far sounding billows of song,
Crowned with thine olive leaf garland of love,—
Angel of Peace, thou hast waited too long!

Brothers we meet, on this altar of thine
Mingling the gifts we have gathered for thee,
Sweet with the odors of myrtle and pine,
Breeze of the prairie and breath of the sea,—
Meadow and mountain and forest and sea!
Sweet is the fragrance of myrtle and pine,
Sweeter the incense we offer to thee,
Brothers once more round this altar of thine!

Angels of Bethlehem, answer the strain!
Hark! a new birth-song is filling the sky!
Loud as the the storm-wind that tumbles the main
Bid the full breath of the organ reply,—
Let the loud tempest of voices reply,—
Roll its long surge like the earth-shaking main!
Swell the vast song till it mounts to the sky!—
Angels of Bethlehem, echo the strain!

TESTIMONIALS.

The Waters' Pianos are known as among the very best.—*N. Y. Evangelist.*

We can speak of the merits of the Waters' Pianos from personal knowledge as being of the very best quality.—*Christian Intelligencer.*

The Waters' Pianos are built of the best and most thoroughly seasoned material.—*Advocate and Journal.*

Our friends will find at Mr. Waters' store the very best assortment of Pianos, Melodeons and Organs to be found in the United States.—*Graham's Magazine.*

MUSICAL DOINGS.—Since Mr. Waters gave up publishing sheet Music, he has devoted his whole capital and attention to the manufacture and sale of Pianos and Melodeons. He has just issued a catalogue of his new instruments, giving a new scale of prices, which shows a marked reduction from former rates, and his Pianos have recently been awarded the First Premium at several Fairs. Many people of the present day, who are attracted, if not confused, with the flaming advertisements of rival piano houses, probably overlook the modest manufacturer like Mr. Waters; but we happen to know that his instruments earned him a good reputation long before Expositions and "honors" connected therewith were ever thought of; indeed, we have one of Mr. Waters' Pianofortes now in our residence (where it has stood for years), of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet toned and powerful instrument, and there is no doubt of its durability; more than this, some of the best amateur players in the city, as well as several celebrated pianists, have performed on the same piano, and all pronounce it a superior and *first-class instrument.* Stronger endorsement we could not give.—*Home Journal.*

NEWPORT DAILY NEWS.

THURSDAY, May 27, 1869.

Don't Dodge!

The General Assembly is now called upon to vote on the fifteenth constitutional amendment. The question should have been settled at the last session, but it was postponed in obedience to the behests of certain parties in the State who have personal ends to serve, and who are still unwilling to have the matter come to a vote. We stated in these columns, before the subject came up in the legislature at all, that an attempt to stave it off would be made, and the result has verified our prediction. We knew the programme then, and we are justified in saying that it has not been changed. If possible, the General Assembly now in session will again give it the cold shoulder. Not but that a majority is in favor of its adoption, but because the "ruling elders" of the party have so decreed, and these are determined to find measures by which to accomplish their wish.

We say to the members of the General Assembly, the people expect you to act on this subject. Don't dodge! If you are opposed to the amendment say so like men. If in favor, be sufficiently manly to record your vote in harmony with your convictions. The eyes of the nation are upon you, and possibly the decision of the whole question hangs in the balance. Again we say don't dodge!

The Season.

The prospect for a successful season in Newport was never more favorable than at the present time. A considerable number of summer residents have already arrived and located themselves for the summer, and we hear that the hotels and boarding houses are engaging rooms to parties from abroad in sufficient numbers to show that these are to be well filled. More than one hundred cottages have been leased and there are now more inquiries than at any previous period during the winter. The visitors include a large number of well known families from New York, Boston, Philadelphia and other cities, and are of a character to authorize the expectation of a very brilliant company.

About one hundred and seventy-five men are employed at the works of the Sharpe's rifle company in Hartford. Some time ago a government contract was received to alter forty thousand stand of arms of Sharpe's pattern, being all that survived the shock of battle out of over one hundred thousand sent into service; the change to be made in them being the substitution of the metallic cartridge for the linen cartridge formerly used. The condition of these guns was decidedly bad; most of them were rusty, and altogether they possessed a thoroughly demoralized appearance; but the repairs have been complete, and it is difficult to tell, in looking over those ready for re-shipment, and comparing with new weapons, which have been in service. The work done has been handsomely performed, and the government must be satisfied with the performance of the contract, which is now very nearly completed.

The Peach Crop.—The New York *Post* says the prospect of an abundant crop of peaches this season is very encouraging. It is estimated that the shipments along the line of the Delaware Railroad alone will reach two millions of baskets. The Delaware, Philadelphia, Wilmington and Baltimore, and the Camden and Amboy Railroad Companies are making extensive arrangements to bring peaches to market.—The Camden and Amboy Railroad Company expect to have nearly three hundred cars, and the Philadelphia road will have nearly two hundred.

On no occasion do people seem more prone to commit blunders than at a wedding. The following funny incident actually happened in California: In the midst of a crowd of witnesses, the clergyman had just completed the interesting ceremony which binds in the silvery bonds of wedlock two willing hearts, and stretched forth his hands to implore the blessings of heaven on the union. At this point the groomsman, seeing the open hand reached out, supposed it was the signal for him to surrender the wedding fee, which was burning in his pocket. Accordingly, just as the clergyman closed his eyes in prayer, he felt the pressure of a double eagle upon his palm. The good man hesitated appalled at the ludicrousness of his situation, but cooly deposited the money in his pocket, and proceeded with his devotion.

The New Pianoforte Rooms in Fletcher's building, Providence to be occupied by Messrs. H. E. Barney & Son, are now very nearly completed, and the firm will probably move into them about the first of the coming month. The new rooms will be among the largest and most elegant used for pianoforte and reed organ trade in this country. So far as location, convenience, quietness, light and ease of access are concerned, they will be quite equal to any, and superior to most, in any city of the land.—Messrs. Barney & Son having had a choice offered them by the late William Fletcher Esq., of any rooms in the building, choose those, which they deemed to be best adapted in all respects to their business, and in so doing so secured, among many advantages which they have not heretofore enjoyed one very important one, to wit: an unusual degree of that quietness which is so desirable in a pianoforte and organ salesroom. Their portion of the new and majestic building comprises three very spacious rooms on the second floor, which they will use as salesrooms, and which are 150 feet long, and of proportionate width and height. There is a commodious and easy entrance to these from Westminster street, another from Eddy street, and still another from Fulton street. In addition to their splendid salesroom, all connected on the second floor, the firm have on the fourth floor a work shop 160 feet long and of the same width as those below. Here their very extensive repairing and refinishing business will be carried on, and, indeed, is already commenced. Instruments are already taken to this room by means of a well arranged elevator.

Ladies and gentlemen desirous of purchasing pianos or organs will find a very large stock of first class instruments on hand at Messrs. Barney & Son's present location.

Decoration Day.

Mr. Editor:—In common with christians of all classes I wish to enter my earnest protest against the selection of Sunday for the military parade to be held in connection with the decoration of the soldier's graves in this city. The observance of the ceremony commends itself to all loyal people, and the Post of the Grand Army in this city does us great injustice in holding it on a day when conscientious christians, by the first principles of their religion, are not permitted to participate. Of course the churches will be greatly disturbed if not broken up altogether on that occasion. As Saturday is the day observed by all our neighboring towns and cities will it not be better for the committee to reconsider their decision, and hold the exercises on a day which will injure none of the living by breaking up religious meetings and the like, while paying respect to the honored dead. There are a good many people in Newport, yet, who believe in christianity and the Sabbath, and who ask of those who do not, a sufficient respect for their opinions that they shall be allowed an undisturbed possession of the right to worship in the ancient forms of the church. W. O. X.

A Minister's Courtesy.—Mr Ely used to tell a little story of a brother clergyman, Rev. Mr. Gay, of Suffield, which story was a good illustration of Yankee 'cuteness.' Several similar anecdotes have appeared in print; but this is a genuine 'Simon pure,' I believe.

Among Mr. Gay's parishioners was a well-to do farmer, named, we will say, Brown, who was especially generous in his tithes to the good minister. This farmer's errand and 'chore' boy getting big enough to take his place at the plough, a new boy was taken into service—a rough untrained little fellow, I think from the poor house. To him the promoted boy discoursed quite condescendingly; 'You hev got into a pretty nice place I tell you; and if you behave they'll use you well, give you plenty of good victuals, a suit of Sunday clothes, Winter schoolin', and not work you tew hard. But one thing—you'll hev to go on errands to the ministers pretty often and lug big baskets of things; and the worst of it is that you'll never get nothing but thanks from the parson and his folks—not so much as a shilling', for your pains.'

Johnny heard and pondered: and it happened that the very next morning he was sent to the minister's with a heavy quarter of veal, about as much as he could carry. The way was long and the weather was warm, and when he reached the parsonage he was not in the sweetest of tempers. He marched into the breakfast-room, without knocking or removing his hat; and setting down his basket said rather gruffly; 'Mr. Gay, Mr. Brown has sent you this here quarter of veal,'

'Ah! indeed,' said the minister, blandly 'I am obliged to him. Are you Mr. Browns new boy?'

'Yes.'

'Well, my lad, when you have been in his family a while longer, your manners will doubtless improve.'

'Why, what's the matter with my manners?' asked the boy, with a look of stupid amazement.

'Why, my son, they are a little abrupt and discourteous. Now your way of presenting Mr. Brown's present was not just what it should have been. I think I can show you, so that you will know just how to do next time. I will personate you, and you may pretend you are *me*, for a few minutes.

Saying this, the minister took up the basket, went with it into the entry and closed the door. Then he knocked gently.

The boy, having seated himself in the minister's chair, and put on a grave and reverend aspect, called out, 'Come in.'

Entering very quietly and deferentially, though with difficulty preserving his gravity, holding his hat in one hand and the basket in the other, the minister approached his small proxy, and said, with a low bow 'Mr. Brown sends his compliments, and begs you will accept this quarter of veal, Mr. Gray.'

'I am very much obliged to Mr. Brown, and to you too, my fine boy,' said Johnny, with an air of the utmost seriousness: 'but it seems to me it's a big load for so small a lad to carry. Just take it into the kitchen, and ask Mrs. Gay to give you a quarter of a dollar.'

Nobody ever enjoyed this story more than Mr. Gay himself; except perhaps, Mrs. Gay who promptly paid over the quarter to the clever little actor.

He ought to have made a great lawyer. Perhaps he did, and ended his days on the bench.—*Grace Greenwood in the Independent.*

About Home.

—o—

The Lecture.—The Academy of Music was well filled last evening by persons who desired to hear Mr Wendell Phillips on the great political issue of the day. His Excellency Governor Padelford presided, and we observed a large number, probably a majority of the members of the General Assembly in the audience. The lecture was in the distinguished orators best style, and was a close and convincing argument in favor of the proposed fifteenth constitutional amendment. Mr Phillips called upon the legislators of Rhode Island to stand side by side with those of every other republican state in the Union in support of this movement, and gave many reasons why we should not be a solitary exception to the general rule. Some of the opinions advanced will not be accepted by those present, but on the whole the discussion was judicious and timely.

Lawyers in the House.—We stated yesterday that there was but one lawyer in the State Senate now in session. This has led to an inquiry as to the number in the House of Representatives. It is ascertained that in this body there are no less than fourteen, of whom two are from Newport, three from Providence, one from Woonsocket, one from East Providence, two from North Providence, two from Warwick, one from Cranston, one from Bristol and one from North Kingston. The number last year was twelve.

In Grand Committee.—The two houses met in Grand Committee at 11 o'clock for the purpose of electing officers for the ensuing year. Hon. Joel M. Spencer was re-elected Auditor, without opposition. Most of the sheriffs and county officers were also re-elected. James G. Topham and Henry N. Ward were continued in the Court of Justices for this city, and Dr. T. W. Wood, Clerk of the Courts. As no election of Sheriff was made, W. D. Lake, Esq., holds over until a successor shall be chosen.

The General Assembly.—This body continues its session at the State House, but its May term will soon come to a close. The members are in haste to get to their homes as it is a season of the year when farmers and others are more than usually busy. A large amount of business, for the time, has been transacted, and some of it of considerable importance. The session has been a pleasant one, and good feeling seems to prevail among the members.

The Burnside Resolution.—We are requested to state that Capt. Geo. N. Bliss who spoke against the passage of Mr. Brinley's resolution, heartily approves of its tenor and spirit, but did not think it expedient to pass it at this time. The Capt. was a gallant soldier during the war and feels that the record of himself and associates needs no defence, even though it has been assailed by one of our senators.

New Atlantic Cable.—A bill was introduced and passed through the House of Representatives yesterday for the incorporation of a new telegraph company, the cable to extend from the Narragansett Bay to some point in Europe. It was stated that the Company was already organized and the necessary stock subscribed.

Names of the Soldiers.—We shall publish the names of all the deceased soldiers whose graves are to be decorated, in the *News* to-morrow. If any names were omitted last year the friends will confer a favor by handing them in immediately as we wish to make the list perfect. Extra copies may be had at the office.

The Cutter.—It is said that the Navy Department has decided that one Cutter will answer for both Newport and New Bedford, and all along shore. We think this is a mistake, and will be found so, especially in winter.

The Adjournment.—The General Assembly will adjourn to-morrow at one o'clock, to meet again in Providence on the Second Monday of January next.

G. A. R.—Members of Post No. 2, G. A. R., are requested to read advertisement in another column.

Minstrels.—La Rue's Minstrels make their appearance in the Opera House this evening. For particulars see advertisement.

A gathering of ten of the societies, practising for the Peace Jubilee, took place at Stetson Hall, Randolph, on Friday last. About 760 singers were present, from Taunton, Middleborough, Abington, North Bridgewater, Weymouth, Braintree, and other places. Carl Zerrahn was leader and Petersilea, pianist. A collation was furnished by the Randolph Club. The affair was a grand success in every particular, every provision which could be foreseen having been made by the resident club for comfort and pleasure of their guests.

THE PRESIDENT AND ADMIRAL PORTER ON A SHELL ROAD.

Annapolis, May 26.

The exercises at the Naval Academy, yesterday afternoon, consisted of battalion of infantry drill, under the command of Lieutenant Commander S. P. Gillett, and howitzer mortar practice, and in the evening the grand gymnast tournament, wrestling, flying trapeze and Zouave drill, which was concluded about eleven o'clock, when a brilliant dance commenced, led off by Mrs. Admiral Porter and Commander Gillett. Dancing was kept up until three o'clock this morning. This forenoon the President, with Admiral Porter, rode over Strawberry Hill, the farm last year purchased by the government and annexed to the Naval Academy grounds. A fine shell road has been made through the grounds, and the President and the Admiral enjoyed the ride. The latter held the ribbons.

THE PRESBYTERIAN REUNION.

New York, May 26.

It is understood that the Conference Committee of the two Presbyterian Assemblies has unanimously agreed to recommend reunion on the basis of the standards pure and simple, that basis to be submitted immediately to the Presbyteries for approval, and that the two Assemblies adjourn to meet in Pittsburg in November to receive reports of the action of the Presbyteries thereon. It is also understood that the committee will submit a form of declaration to be made by each Assembly instead of the articles adopted by the last Assemblies are rejected by the old school Presbyteries, the action of the Assemblies on this declaration to be final. The report will undoubtedly be adopted by both bodies.

Singular Scenes at a New Orleans Wedding.

A short time since a fashionable wedding was celebrated in the fourth district. The bride was pretty, as all newly married ladies are, and the groom was the glass of fashion and the mould of form. A number of invivited guests lent grace and beauty to the occasion, and hearty congratulations testified the good wishes of many friends for the happiness of the newly wedded pair. But the hours waned rapidly, and the time for retiring came at last. The bride was led by laughing bridesmaids up to her chamber door. But imagine their surprise when it was opened by a lady richly and elegantly clad in a travelling suit, and evidently waiting for an interview.

'I beg pardon, madame; but you appear astonished,' said the strange lady.

'I must confess I did not expect to see any one here,' replied the bride.

'No, madam: I came in very privately, and wished an interview, subject to no interruption.'

It did not occur to the bride to inquire by whom she had been introduced, or by what means she had gained access to her apartment.

'It is very strange, ma'am, and I can't imagine why you wish to speak to me!'

'The reason is simple. The man you have just married has imposed on you. I am his wife!'

'Oh! impossible—you rave!' and the lady sank into a chair almost fainting. Of course the bridesmaids screamed. Such a succession of shrieks one has rarely heard. It speedily brought the family to the door with terror stricken faces, and with them the bridegroom, all asking with trembling lips—

'What in the world is the matter?'

'Oh! Edward,' cried the bride, 'this person says she's your wife.'

'My wife,' shouted the astonished husband; 'why, she's insane.

The strange lady stood up calm and unruffled.

'Is it possible, sir, that having perpetrated this great wickedness, you will have the hardihood to deny that I am your lawfully wedded wife?' she asked, looking the sorely troubled Edward full in the eye.

'Why, confound you woman! I never saw you before in my life,' exclaimed the astonished man.

The lady regarded him very much as a minister would a person given over to total depravity.

"Oh! Edward, I'm afraid it's true! and I loved you so," sobbed the young wife; 'how could you have treated me so?'

'I tell you I haven't got any wife but you; this woman is an impostor.'

The strange lady uttered a low, mocking laugh. The scene was getting interesting to the last degree. The ladies were all crying, and the father of the bride looking stern and indignant. He had been for some time intently regarding the strange lady, when suddenly his eye lighted up, and an amused smile played on his lips. He took a step forward and laying his hand on the stranger, said:

'Come, John, this is very cleverly played, but it's time it was over,' and following the impulse of his arm the stranger was pushed into the hall.

'John—who—what!' all exclaimed at once.

It was the bride's younger brother, a wicked boy, who had played a naughty prank, with the aid of his sister's travelling suit and her cast-off chignon and curls,

It is scarcely necessary to remark that harmony was speedily restored.

Destroying Insects.—We trust that the time will come soon when much more fruit can be raised, fairer and sounder, too, than we raise at present, and have done for some years past, in spite of all the insects which are the main cause of the trouble. We believe that these pests can be got rid of in a little while, and a revolution created by their destruction. Instead of the multitude of these "bugs" showing that their extirpation is not in our power, it is this very multiplicity which makes it certain that they can be slaughtered, and nature herself points out the way by the very instincts implanted in the insects themselves. The plan we are about to recommend would be of course best accomplished by all the farmers in the neighborhood practising it, but incalculable good can be done, for we ourselves have tried it, by its being followed up effectually on a single farm or orchard.

One gallon of black molasses, recommended by Joseph Treat, Vineland, N. J., unfit for anything else, mixed with water and placed in old vessels, will suffice for a farm from early spring to fall, only requiring to have the moths thrown out; to be removed or kept covered by day, (to preserve from bees,) and to be filled up and kept sweet, as it gradually wastes or too greatly ferments. The same sweetened water on plates, with cobalt, ratsbane, or anything similar to it, will poison the moths. But there is a still more universal means, for nature has made every insect a fire-worshipper.

Little fires in gardens or orchards, at early twilight, burning five, ten or fifteen minutes, will attract and consume perfect swarms of all sorts of insects, and more directly save fruit than anything else. Lightwood, obtained and split fine, beforehand, enough for the whole season, or flat-bottomed tin lamps, like those of the campaign torches, will be money at one hundred per cent. In every man's pocket who owns either garden or orchard. And picking up and burning or boiling all fallen fruit, will make two or three hundred to one less insects the following year.

A Household Elixir Adapted to all Climates.

It would be a happy thing for the world if all the exciliants at present used in the practice of medicine, could be swept out of existence, and HOSTETTER'S STOMACH BITTERS substituted in their place.—There is a probability, too, that this desirable substitution may one day be accomplished. Certain it is, that the great vegetable tonic is gradually displacing them, and that the confidence of the people in its sanitary and saving properties, increases with every passing year. "Figures that cannot lie," show this to be the fact. No medicinal preparation enjoys the like popularity among all classes and conditions, in every section of the country. As an appetizer, a general invigorant, a remedy for indigestion, a cure for intermittent and remittent fevers, a gentle cathartic, a specific for flatulency and sour stomach, a gentle diuretic, a nervine, a blood depurent, a specific for sick-headache, a mild anodyne, and, above all, as a protection against epidemics, it is unquestionably the standard medicine of the whole United States. In the towns and cities it is literally a household staple. Mothers believe in it. They find it a "present help in time of trouble,"—a safe and pleasant remedy for the various ailments to which their sex is exclusively subject. Men believe in it, because it refreshes and invigorates the body and the mind, and tones both without exciting either.

Schenck's Pulmonic Syrup,

Seaweed Tonic and Mandrake Pills will cure Consumption, Liver Complaint and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver and put it to work; then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of Pulmonary Consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care,) that will unlock the gall bladder and start the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure Consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has consumption, of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Dr. Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure Consumption.

When there is no lung disease and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient, without the Pulmonic Syrup. Take the Mandrake Pills freely in all billious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompany each, making it not absolutely necessary to personally see Dr. Schenck, unless patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond Street, New York, every other Tuesday, and at No. 35 Hanover Street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is $5. Office hours at each city from 9 A. M. to 3 P. M.

Speaking of those diseases, and diseases arising from the excess of mercury, he states *that no remedy is equal to the Extract of Sarsaparilla; its power is extraordinary, more so than any other drug I am acquainted with. INSURES FIRST-CLASS DWELLINGS AND CONTENTS ONLY,

AMOUNT AT RISK, $4,500,000.

The object of a Mutual Company is to furnish Insurance to its policy holders at the ACTUAL COST, and the main thing to be considered is, what conditions are most favorable to make the actual cost as near NOMINAL as possible. This Company will insure nothing but Dwellings and Household Furniture, which experience has shown to be the SAFEST OF ALL INSURANCE RISKS, thus putting the liability of loss at the LOWEST POSSIBLE STANDARD. The premium charged is sufficient to cover all probable losses and expenses during the term for which the policies are issued, thus avoiding the necessity of assessments, which are always *distasteful and expensive.* The insured receive all the profits,—every dollar, after deducting the necessary expenses, being invested for their benefit, and returned to them at the expiration of their policies, thus offering one of the safest and cheapest systems of Insurance.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of the United States Patent Office, Washington, under the Act of 1837.

No. 78 State St., opp. Kilby St., Boston.

AFTER an extensive practice of upwards of twenty years, continues to secure patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all papers or drawings for Patents, executed on reasonable terms with dispatch. Researches made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered on all matters touching the same. Copies of the claims of any patent furnished, by remitting one dollar. Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.

During eight months the subscriber, in the course of his large practice, made on *twice rejected* applications, SIXTEEN APPEALS, EVERY ONE of which was decided *in his favor* by the Commissioner of Patents.

TESTIMONIALS,

"I regard Mr. Eddy as one of the most *capable and successful* practitioners with whom I have had official intercourse.
CHARLES MASON, Commissioner of Patents."

"I have no hesitation in assuring inventors that they cannot employ a man *more competent and trustworthy* and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents."

"Mr. R. H. Eddy has made for me THIRTEEN applications, in all but ONE of which patents have been granted, and that one is *now pending.* Such unmistakable proof of great talent and ability on his part, leads me to recommend ALL inventors to apply to him to procure their Patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.

$500 WILL BE FORFEITED BY DR. L. DIX if failing to cure in less time than any other physician, more effectually and permanently, with less restraint from occupation or fear of exposure to all weather, with safe and pleasant medicines.

Mercurial Affections, Eruptions and all Diseases of the Skin; Ulcers of the Nose, Throat and Body; Pimples on the Face; Swellings of the Joints; Nervousness; Constitutional and other Weaknesses in Youth, and the more advanced, at all ages, of

BOTH SEXES, SINGLE OR MARRIED.

DR. L. DIX'S
PRIVATE MEDICAL OFFICE,
No. 21 Endicott Street, Boston, Mass.,

is so arranged that patients never see or hear each other. Recollect the only entrance to his Office is **No. 21**, having no connection with his residence, consequently no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he **is the only regular graduate physician advertising in Boston.**

SIXTEEN YEARS

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

Strangers and Travelers.

To avoid and escape imposition of Foreign and Native Quacks, more numerous in Boston than other large cities.

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and less as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines BY THE DEAD, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than it cures," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon Mercury, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, ALAS! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and needlessly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

Medicines sent by Mail and Express to all parts of the United States.

TSING TEA—Black Dragon Chop!

Natural leaf, perfectly pure (Tunsi al-pulfies pure).

Prepared without any coloring or foreign substance.

Cured on Porcelain (not copper), over a char fire.

Delightful flavor, exceedingly powerful and strong.

Combines all the healthy virtues of the Tea plant.

Mandarins and higher class of natives use no other.

This celebrated Tea was first introduced here by the ORIENTAL TEA COMPANY, in May, 1868, when the limited quantity imported was rapidly sold, at the high price of $1.80 a pound. It met with such unqualified approval, and the demand for it from all sections was so great, that the Company at once made arrangements to procure a larger supply, upon more favorable terms, for the future; and they have just received the first invoice for this year, which will be sold at the low price of $1.10 a pound, at which (but little over half what it cost one year ago), it is the cheapest Tea in use; and the Company feel that they cannot too highly recommend it to all who drink Tea, as it possesses the flavor and strength, and the soothing, invigorating properties of both Black and Green, without any injurious quality; being chemically pure and free from coloring matter or any foreign mixture, it will suit the taste and please all who love Tea.

This tea is put up neatly in pound parcels, 36 pounds in a chest, with the price, $1.10, printed on each package. The wholesale price by the chest is $1.00 a pound, and orders from Traders, Hotel-Keepers, Peddlers, Clubs, or Families, for chests of 36 pounds or more, will be filled at the *wholesale price*. Parties living in towns where we have agents can always get this Tea from them.

Like all other goods sold by the Oriental Tea Company, this Tea is warranted to give entire satisfaction; and parties ordering, can do so with the full assurance that if he whole or any part fails to suit, it may be returned at our expense, and we will refund the money.

SPECIAL NOTICE.—As a matter of convenience to the public we are arranging with Apothecaries and other Merchants, all over the country, to act as Agents for selling our Teas and Coffees in their locality, at our warehouse prices. *Our profits are small, but we give over four-fifths of them to Agents as commission.* We want an Agent in every town in the Union, and will send full particulars, terms, price-lists, &c., upon application by mail from Traders desiring it. DYSPEPSIA & LIVER COMPLAINT.

Important Certificate.

Having been afflicted with chronic disease of the digestive organs, (described by physicians as enlargement of the liver and inflammation of the stomach,) for more than ten years, and suffered what words can never describe, without relief from the most celebrated medical skill that could be consulted, I was induced by the physician who last attended me to try **Dodd's Nervine and Invigorator.** He had witnessed its effects, he said, in his own practice, and could recommend it in the highest terms. I had about lost faith in everything; but I followed his advice, procured the medicine.—The effect inspired me with hope. I continued its use, and still improved; following it up, I grew stronger and stronger, and suffered less and less from my troubles. This for some months—until I was relieved and needed it no longer. Dodd's Nervine restored me to complete and sound health; and no language is able to express the gratitude I feel at being well once more. I am thoroughly cured of the horrible suffering that had made ten years of my life most wretched. No one can conceive my joy who has not experienced a like recovery. F. B. LIBBY,

THE AQUIDNECK HOUSE

FOR THE SEASON OF 1869,

WILL OPEN ON

MONDAY, April 12th,

For the reception of Permanent and Transient Guests.

THE PROPRIETOR flatters himself, the House was never in better order than the present season, many improvements having been made and new furniture added.

About May 15th, the BILLIARD TABLES and BAR will be removed from the House to Aquidneck Hall adjoining, thus doing away with the objectionable feature of a Bar and Billiard Room in a Hotel.

A New DINING ROOM will be opened at the same time, enabling me with my present facilities, to dine one hundred and sixty people at once.
